CT Group Celebrates Ganesh Utsav and Visarjan with Devotion and Togetherness

CT Group of Institutions, Shahpur Campus, and CT University, Ludhiana, celebrated Ganesh Utsav with devotion, enthusiasm and cultural fervour. Students, faculty and staff came together to participate in prayers, rituals and festive celebrations, embracing the spirit of unity and faith. The festivities concluded with Ganesh Visarjan, as the CT family bid farewell to Bappa with heartfelt prayers and wishes for prosperity, positivity and new beginnings.

Ganpati Bappa Morya!

History of Ganesh Chaturthi

The festival marks the birth of Lord Ganesha, who is worshipped as the god of wisdom, intelligence, and new beginnings. Initially, it was celebrated by the Maratha Empire in Maharashtra. During the colonial period, freedom fighter Bal Gangadhar Tilak initiated a Sarvajanik Ganeshotsav, a large community celebration. In 1893, this festival was turned into a grand public event to unite the country and foster a sense of national pride. This is why it is celebrated in every corner of the country with complete devotion.

CT Public School Students Explore the Future of Sustainable Farming through Hydroponics

Check out more!

In its continued endeavour to provide students with meaningful, experiential and future-ready learning opportunities, CT Public School organised an engaging Hydroponics Activity for students of Grades VIII, IX and X. The activity offered students a valuable opportunity to move beyond theoretical learning and gain firsthand exposure to an innovative, technology-driven and sustainable method of cultivation. At a time when the world is increasingly exploring alternative methods of food production due to challenges such as shrinking agricultural land, water scarcity, climate change and a growing population, introducing students to concepts like hydroponics becomes highly relevant. The activity encouraged young learners to understand how science, technology and innovation can work together to address real-world challenges and contribute towards a more sustainable future. The activity was conducted under the able guidance of Mr. Bharat, HOD Science, CT Public School, and was facilitated by Ms. Nitika Saini and Ms. Keerti, faculty members from the Shahpur Campus of CT Group, which has a specialised department dedicated to Hydroponics.

CT World School Promotes Financial Literacy Through Experiential Learning

Check out more!

As part of its Financial Literacy and Skill Development Programme, CT World School organised an engaging experiential learning activity through CTW Novell Bank, a model bank, to familiarise students with essential banking services and financial practices. Students gained hands-on knowledge of saving, depositing and withdrawing money, operating bank accounts, ATM usage, and digital banking. The activity helped students connect classroom concepts with real-life financial experiences while developing financial literacy, communication, decision-making, and responsible money management skills. Principal Arti Jaswal said, "At CT World School, we believe financial literacy is an essential life skill. Through CTW Novell Bank, students learn by doing and develop the confidence to make informed and responsible financial decisions." The initiative reflects the school's commitment to experiential learning, financial literacy, skill development, and holistic education.

75 Students Trained in Drone Technology and Aeromodelling at CT Group's Two-Day Hands-on Workshop

CT Institute of Technology and Research (CTITR), Maqsudan, Jalandhar, successfully organised a Two-Day Hands-on Workshop on Drones and Aeromodelling. The workshop featured expert-led sessions on UAV fundamentals, flight operations, aeromodelling, and practical skill-building, giving students valuable hands-on exposure to emerging drone technologies. Organised jointly by the Department of Computer Science & Engineering and the Department of Mechanical Engineering, the workshop aimed to equip students with practical knowledge of drone technology, aircraft fundamentals, aeromodelling, and basic flight operations. The workshop witnessed enthusiastic participation from 75 students representing Engineering, Computer Applications, and CT Public School. Day 1: Students learned the fundamentals of aircraft and drone technology, including lift, thrust, drag, stability, control surfaces, drone types, applications, and key drone components. Day 2: The workshop featured hands-on aeromodelling and live flight demonstrations. Participants built a functional air glider and took part in a Live Air Glider Fly Show, applying aerodynamic and flight principles in practice.

CT University BCA Students Give Wings to Innovation with Bird Drone

Demonstrating creativity and hands-on technological skills, BCA students of CT University have developed an innovative Bird Drone, a compact bio-inspired aerial vehicle designed with a bird-like appearance for discreet aerial operations. The project was conceptualised, designed and fabricated at the Robotics and Automation Lab by 3rd-semester students Sukhraj Singh, Akash and Sukhmanpreet Singh, along with first-year students Vivek Gogna and Jaiwant Singh. The drone can operate up to 2 km with a maximum speed of approximately 10–15 m/s, with potential applications in environmental monitoring, aerial observation and lightweight pick-and-drop operations. Expert Mentorship Drives Student Innovation- The students received technical guidance from Er. Pulkit Sangar, Er. Dharmpreet Singh and Mr. Gurkirat Singh, who also supported the fabrication process, including 3D printing of key components.

CT Group Students Spread Awareness Against Ragging Through Nukkad Natak

The Department of Management Studies, CT Group of Institutions, Maqsudan, organised a Nukkad Natak on Ragging Awareness to promote a safe, respectful and inclusive campus environment. Through impactful performances, students highlighted the physical, emotional and psychological effects of ragging and encouraged everyone to stand against bullying and harassment. The initiative inspired students to foster friendship, empathy, dignity and mutual respect, while contributing to a welcoming and ragging-free campus culture.

GRATITUDE

CT University's Shambhavi Strikes Gold at East Zone Badminton Championship–2026

CT University celebrated a moment of immense pride as its talented badminton player Shambhavi delivered an outstanding performance at the East Zone Inter-State Badminton Championship–2026, held in Bhubaneswar. Demonstrating exceptional skill, determination and an unwavering passion for the sport, Shambhavi emerged victorious in three events, bringing home three Gold Medals for the university. Shambhavi secured Gold Medals in Doubles, Mixed Doubles and the Open Team Event, transforming her relentless hard work and countless hours of practice into a remarkable sporting triumph. Her achievement reflects the discipline, perseverance and fighting spirit that define a true sportsperson and has brought immense pride to her family, mentors and the entire CT University fraternity.

CT Group Student Shines at IKGPTU Inter-College Swimming Competition, Wins Three Medal

CT Group of Institutions, Maqsudan Campus, proudly celebrates the remarkable sporting achievement of its BCA 3rd-year student Abiral Suresh Sharma, who won three medals at the IKGPTU Inter-College Swimming Competition held at Baba Banda Singh Bahadur Engineering College, Fatehgarh Sahib, on September 8, 2026. Abiral delivered an impressive performance across multiple events, securing a Silver Medal in the 200m Freestyle and Bronze Medals in the 100m Butterfly and 50m Butterfly events. His achievement reflects his dedication, discipline and commitment to sporting excellence. The performance has brought pride to CT Group of Institutions and highlights the institution's continued efforts to encourage students to explore their talents and excel beyond academics.

CT Group Honours Sporting Excellence with 5 Lakh Cash Awards on National Sports Day

On the occasion of National Sports Day, CT Group celebrated the remarkable achievements of its student-athletes by recognising their outstanding performances at various All India Inter-University Championships. The Group felicitated 12 exceptional sporting talents who brought laurels to the institution across disciplines including Wrestling, Powerlifting, Arm Wrestling, Wushu and Pencak Silat. The achievers were collectively honoured with cash awards amounting to ₹5 lakh, recognising their medals, dedication and exceptional performances at prestigious national-level university competitions.

Oberoi HOTELS & RESORTS

CT students explored career opportunities in hospitality, hotel operations, guest services and food & beverage through the placement drive.

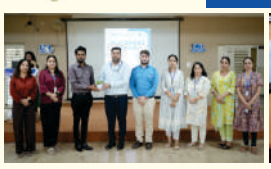

ClubMahindra

Students gained placement opportunities in resort operations, guest relations, sales and services, opening avenues in the travel and leisure sector.

Future® Finders

The drive offered students opportunities in business and industry-oriented roles, providing exposure to professional careers and workplace requirements.

CT University Develops Affordable Smart Trouser

Check out more!

The Robotics Lab at CT University has developed an innovative Smart Trouser designed to help reduce lower back pain and maintain proper knee posture during sitting. The project was created collaboratively by the CT University Robotics Team, School of Design & Innovation, and AIESEC student Ismail Ashraf from Egypt. The smart trouser features a heating pad and vibration therapy system with three intensity modes, controlled through front buckle buttons for user convenience. Developed by Er. Pulkit Sangar, Er. Dharmpreet Singh, and Gurkirat Singh, the prototype was completed in just one week at a cost of under ₹2,000. The heating pad feature was added based on the suggestion of Gurdeep Singh from the School of Design & Innovation, making the innovation both affordable and practical for everyday use.

CT Public School Conducts Fire Safety Drill with Municipal Corporation Jalandhar

CT Public School conducted a Fire Safety Drill in collaboration with the Fire Brigade, Municipal Corporation Jalandhar, led by Mr. Dhiraj Sharma, Sub Fire Officer. Through practical demonstrations, students learnt essential fire safety measures and the importance of staying alert, calm, and acting quickly during emergencies.

NASSCOM FutureSkills Centre of Excellence Inaugurated at CT Group of Institutions, Shahpur Campus

Check out more!

The NASSCOM FutureSkills Centre of Excellence was inaugurated at CT Group of Institutions, Shahpur Campus, marking a significant step towards equipping students with industry-relevant skills and preparing them for emerging career opportunities in technology-driven domains. The Centre will provide students with specialised training and practical exposure in emerging technologies, including Artificial Intelligence and Machine Learning (AI/ML), Data Science, Cyber Security, Cloud Computing, Generative AI, Aerospace and Robotics. The initiative aims to strengthen industry-academia collaboration while bridging the gap between academic learning and evolving industry requirements. During the inauguration programme, students were felicitated with Skill Enhancement Certificates at Gold, Silver and Bronze levels in recognition of their achievements and commitment to continuous skill development. Addressing the gathering, S. Charanjit Singh, Chairman, CT Group, motivated students to continuously upgrade their skills, embrace emerging technologies and develop an innovative and adaptable mindset. He also interacted with the students and addressed their queries, encouraging them to make the most of the opportunities provided through the Centre. The programme was organised under the guidance and supervision of Dr. Jayaashish Sethi, Director, Campus, reaffirming CT Group of Institutions' commitment to fostering technological learning, industry exposure and employability-focused education.

OPINION

Article By:
Prof. (Dr.) Manbir Singh

Leadership That Begins With People

Leadership, to me, has never been limited to designations, achievements or institutional growth. It is about people—their aspirations, their potential and the opportunities we create for them to grow.

Every institution is built by people. Its success is shaped not only by the vision of its leadership but also by the dedication of its faculty, the enthusiasm of its students and the commitment of every individual who contributes to its journey. At CT Group, I believe that recognising and respecting this contribution is fundamental to building an institution that creates lasting impact.

Education gives us an opportunity to influence lives in ways that extend far beyond classrooms. A student who gains confidence, a faculty member who discovers new possibilities or a young professional who receives the encouragement to pursue an ambition—these are moments that give deeper meaning to our work.

As leaders, our responsibility is not simply to provide direction but to create an environment where people feel empowered to take initiative, learn from experiences and believe in their abilities. Growth becomes more meaningful when it is shared, and progress becomes more sustainable when people are given the trust and opportunity to contribute.

The world of education is evolving rapidly. Technology, artificial intelligence and changing industry requirements are reshaping how we learn, work and prepare for the future. While embracing these developments, we must ensure that human values remain at the heart of our decisions.

I believe that leadership requires continuous learning. It demands listening to different perspectives, accepting responsibility and remaining open to new ideas. No leader grows in isolation; growth comes through the people we work with and the experiences we share.

My vision is to contribute to an institutional culture where every individual feels that their efforts matter and their potential deserves recognition. This requires consistent action, collective responsibility and a genuine commitment to people.

Ultimately, leadership is not about how many people follow us, but about how many people we help move forward.

Innovation can transform systems, but empathy builds relationships. Knowledge creates possibilities, but encouragement helps people pursue them. Our institutions must therefore focus on developing not only capable professionals but also responsible, confident and compassionate individuals.

CT Group Celebrates Janmashtami with Devotion and Festivity Across Campuses

The campuses of CT University, CT Group of Institutions, CT World School, and CT Public School came alive with devotion, joy, and cultural fervour as students, faculty, and staff celebrated Janmashtami with great enthusiasm. At CT Group of Institutions, the celebrations were organised in collaboration with ISKCON Jalandhar, creating a spiritually uplifting atmosphere through soulful kirtans, bhajans, and devotional performances. Students also showcased vibrant cultural performances and poetry recitations inspired by the life and teachings of Lord Krishna. The Dahi Handi competition was the highlight of the celebration, reflecting teamwork, energy, and festive spirit among the participants.

CT Group Celebrates Teachers' Day, Honours Faculty for Dedication and Excellence

CT Group of Institutions, across Shahpur and Maqsudan , CT University and CT's schools campuses celebrated Teachers' Day with enthusiasm, honouring the dedication and contribution of their educators. The celebrations featured faculty appreciation, favourite teacher awards, recognition for student engagement and fun-filled activities, fostering a spirit of gratitude and togetherness among teachers and students. S. Charanjit Singh Channi, Chairman, CT Group, extended his greetings to the educators, appreciating their invaluable role in shaping students' knowledge, character and future. He emphasised that teachers are the guiding force behind every student's growth and success. The celebrations concluded with appreciation and gratitude for the educators who continue to inspire, empower and nurture the CT community.

CT Group of Institutions, Maqsudan Honours PTU & GNDU Toppers at Academic Excellence Awards

CT Group of Institutions, Maqsudan, Jalandhar, organised the Academic Excellence Awards to honour meritorious students for their outstanding academic performance in examinations conducted by IKGPTU and Guru Nanak Dev University (GNDU). Organised by the Department of IQAC, the ceremony witnessed the participation of around 150 students along with their parents and guardians. The event celebrated the dedication, hard work and achievements of the toppers in the presence of the institution's management, faculty members and dignitaries. Congratulating the meritorious students, Dr. Anurag Sharma, Campus Director, CT Group of Institutions, Maqsudan, extended his heartfelt wishes to the awardees and their parents. He applauded the students for their dedication, discipline and consistent pursuit of academic excellence. Encouraging them to view this achievement as a milestone, he inspired them to continue learning, embrace new opportunities and strive for excellence in every sphere of life.

CT Group Hosts 'Humare Ram', Receives Overwhelming Response in Jalandhar

Check out more!

CT Group of Institutions successfully hosted four spectacular shows of the acclaimed theatrical production 'Humare Ram' at the Sardarni Manjit Kaur Auditorium, Shahpur Campus, on August 28 and 29. Presented by the Punjab Government, the production brought the timeless story of Ramayana to life through an immersive combination of theatre, technology, music and visual effects. A massive 1,300+ sq. ft. LED display and specialised sound-and-light production created a grand theatrical experience for the audience. The production featured acclaimed actor Ashutosh Rana as Ravan, along with Rahull R Bhuchar as Prabhu Shri Ram, Danish Akhtar as Lord Hanuman, Tarun Khanna as Lord Shiva and Amrita Parihar as Mata Sita. The soundtrack also featured celebrated artists including Shankar Mahadevan, Sonu Nigam and Kailash Kher. The event was attended by distinguished guests, including Punjab Chief Secretary K. A. P. Sinha, Deputy Commissioner Jalandhar Varjeet Walia, Commissioner of Police Jalandhar Satinder Singh and DIG Jalandhar Range Naveen Singla. With 200+ performances across 20+ cities and an audience reach of over five lakh, 'Humare Ram' continues to connect audiences with the timeless values and teachings of the Ramayana.

CT Group Organises Technology-Focused Bootcamps on XR and Mobile App Development

Check out more!

CT Group of Institutions, Maqsudan, Jalandhar, strengthened its commitment to industry-oriented and experiential learning by organising two intensive technology bootcamps from September 7–11, 2026, in collaboration with BrightXR Pvt. Ltd. The XR Industry Bootcamp & Innovation Challenge, organised by the Mediaverse Club, Department of Media Studies, CTIMIT, introduced students to Real-Time 3D, Game Development, Augmented Reality (AR), Virtual Reality (VR), Spatial Computing and Digital Twins. The sessions were conducted by Mr. Nirmal Singh, Founder & CEO of BrightXR Pvt. Ltd., who guided students through practical projects and immersive technology applications. A major highlight was the Innovation Challenge, where the team "4 Powers" — Gurpreet, Keshav, Jatin, Pritam and Manpreet — received the Goodie Bag for Best Idea and Execution. Around 50 students from Multimedia, BBA, BCA and B.Tech CSE participated and received certificates. CT Group also organised a 30-hour Flutter Mobile App Development Bootcamp for students of Computer Applications, CSE and Media Studies. The programme provided hands-on training in building mobile applications using Flutter through interactive sessions and practical exercises.
