

RETAIL INTERN | STYLING & STORE EXPERIENCE

Love fashion? Show us how you style.

Role	Retail Fashion Intern
Duration	4 months (Nov-Feb), full-time, paid
Locations	South Delhi Jaipur
Stipend	₹7,000 – ₹10,000 per month
Who can apply	Open for ALL

THIS IS NOT YOUR TYPICAL RETAIL INTERNSHIP

A 3-month, hands-on retail experience where styling is the job. You won't be assisting someone else or just observing. You'll be on the shop floor, styling real customers and store teams, and turning your fashion eye into real-world styling. This is where premium fashion, styling, retail and people come together, and we want to see how you do it: your eye, your confidence and your way of styling.

WHAT'S IN IT FOR YOU

- **Real styling experience:** Style customers, build looks, recommend, experiment and learn what actually works with real people.
- **Grooming, on us:** One complimentary salon grooming session during your internship, because presentation is part of the fashion world.
- **Stipend of ₹7,000 – ₹10,000 per month:** A paid, full-time 3-month experience.
- **Experience letter:** Walk away with documented, hands-on retail styling experience.
- **Exposure you don't get in class:** See how styling influences customer choices, how fashion translates to retail and what it takes to create a premium fashion experience.
- **Pre Placement Offer:** Top-performing interns may get the chance to join full-time at their preferred locations

YOUR ROLE

As a Styling & Store Experience Intern, you will:

- **Style customers** and create complete looks based on their personality, occasion and preferences.
- **Personalise the shopping experience** through styling, and help drive sales.
- **Work with store teams** to sharpen their styling skills, fashion confidence and product storytelling.
- **Share real-world feedback** on fit, quality, product and customer preferences with Merchandising & Operations.
- **Create styling challenges** and fashion-led team activities on the shop floor.
- **Help make the store experience** more premium, polished and fashion-forward.

BE READY TO WORK FOR IT

This is a 9-hour, shop-floor role. You'll be on your feet, interacting with people, styling, selling, learning and working hard. It's demanding, and that's what makes the experience real. By the end of 3 months, you won't just say "I studied retail." You'll be able to say "I styled real customers and helped create a premium store experience."

WHO SHOULD APPLY

We're looking for Retail students who:

- Love fashion and have a genuine passion for styling.
- Have an eye for aesthetics, trends and detail.
- Love putting looks together, and can explain why they work.
- Are confident and comfortable around people.
- Are energetic, curious and hands-on.
- Are ready to work hard and learn fast.
- Want to discover what styling as a career really looks like.

RETAIL FASHION CONSULTANT

Start on the shop floor. Grow into running the store.

Role	Retail Fashion Consultant
Employment	Full-time, permanent
Locations	South Delhi Jaipur
Compensation	₹32,000 CTC PM (₹3.84 LPA)
Who can apply	Open or ALL interested in Retail & Fashion

THIS IS A LEADERSHIP CAREER, NOT JUST A RETAIL JOB

This role is built for people who want to lead. You'll start on the shop floor of a premium fashion store, delivering premium customer service and learning how a store really runs. From there, the path is clear and fast: lead a team, run a store, own its sales and operations, and grow into a retail manager.

WHAT'S IN IT FOR YOU

- **Leadership opportunities, early.** Lead teams as you prove yourself, with a defined path to Team Lead, Assistant Store Manager and Store Manager.
- **A fast-tracked future in retail.** Own the store's sales, operations and KPIs, and you move up quickly
- **Incentives.** A solid industry-best incentive program from day one, with growth tied to your performance.
- **Uniform of your choice, twice a year.** Look the part in a wardrobe you pick yourself, refreshed every six months.
- **Grooming, on us.** Complimentary salon grooming twice a year because presentation is part of the premium fashion world.
- **Hands-on exposure.** Learn how a premium fashion store is run, including real styling experience with customers.

YOUR ROLE

- **Lead premium customer service.** Set the standard for how every customer is welcomed, served and remembered.
- **Support store sales and operations.** Keep the floor ready, the stock in place and the team deployed well, every day.
- **Lead and coach the team.** Build the product knowledge, confidence and service skills of the people around you.
- **Style customers.** Use your fashion eye to build complete looks and personalise the experience, one of the tools you'll use to win customers.
- **Share real-world feedback** on fit, quality, product and customer preferences with Merchandising & Operations.

KEY RESPONSIBILITY AREAS (KRAs)

- **Run store sales.** Own daily sales performance and drive conversion through service and personalisation.
- **Run store operations.** Manage the day-to-day flow of the store: floor readiness, stock, team deployment and standards.
- **Drive store KPIs.** Track and deliver the store's key performance indicators so the store makes a strong, visible contribution to the business.
- **Lead the team.** Develop and motivate the store team and prepare yourself for the next level of leadership.

BE READY TO WORK FOR IT

This is a 9-hour, shop-floor role. You'll be on your feet, talking to people, leading, serving and learning. It's demanding, and that's what builds real retail leaders, and makes the growth quick.

WHO SHOULD APPLY

- You want to lead teams and grow into a Store Manager or retail manager.
- You're confident and comfortable around people, and you set high standards for service.
- You're energetic, curious, hands-on and ready to learn fast.
- You're driven by numbers and results, and want to own sales, operations and KPIs.
- You love fashion and enjoy helping customers put looks together.
